

ARIZONA PUBLIC HEALTH ASSOCIATION

RESOLUTION: SMOKE FREE CAMPUS

Resolution 93-1

WHEREAS, the use of tobacco leads to illness, disability and death; and

WHEREAS, the cost of lost lives, absenteeism from work, decreased productivity and establishment of smoking areas is in the billions of dollars annually; and

WHEREAS, second-hand smoke is a significant threat to the health, safety, and quality of life of non-smokers exposed to smoking;

NOW THEREFORE BE IT RESOLVED that the Arizona Public Health Association endorses the concept and encourages the establishment of smoke-free campuses for business, labor, education, and government;

BE IT FURTHER RESOLVED that this resolution be available to other interested organizations or individuals for their use and support.
