

R E S O L U T I O N

WHEREAS, The salaries of public health employes have not kept pace with the rising cost of living, and

WHEREAS, these trained public servants are even more essential in times of national emergency to preserve the public health and welfare, and,

WHEREAS, failure to adjust inadequate salaries at this time might well result in trained people leaving the public health field for more lucrative positions, now therefore

BE IT RESOLVED: That an immediate study be made, prior to the current budget approvals, with a view to periodic adjustment of basic salaries to fit the rising cost of living.
